DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 and 31-32 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, the claim has been amended to overcome the prior arts. The closest prior arts, Julia et al (US 6,513,063) and Zirngibl et al (US 6,587,547), either singularly or in combination, fail to anticipate or render obvious that retrieving currently available purchase opportunity information associated with the spoken input, and selecting match information from the retrieved information based at least in part on the purchase notification criteria condition and the determined location, and delivering to the wireless communication device a non-verbal response to the first spoken input based on the match information in a second communication session, in combination with all other limitations in the claim(s) as defined by applicant.

Independent claim 32 is allowable with the same reason above.

Claims 2-7 and 31 are allowed because they depend on claim 1.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
